DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.

Moreover, the claims are unclear, and it is very difficult to follow the claims. Applicant is requested to reconstruct the claims in such a way the apparatus and method of the claimed invention are clearly pointed out.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The art of record are cited for their teachings of some features of the claimed invention.
